Carol
Volunteer Since 1984
“Volunteering for Hospice is a time to forget about ‘self’; to grow in understanding; to be with someone physically, emotionally and spiritually.”

Geoff
Volunteer Since 2016
“It is good to be involved with this wonderful group of people who did so much to help my wife and me in the past.”

Pam
Volunteer Since 1997
“I am personally rewarded when given the opportunity to make a difference in someone’s life.”

Carolyn
Volunteer Coordinator Since 2006
“It is an honor to work with this compassionate group of volunteers sharing the same common goal — to make a difference in the life of another.”

Community VNA Hospice Care

Community VNA provides quality end-of-life care to patients and caregivers through the final stages of any type of life-limiting illness.

Our multi-disciplinary team is comprised of a medical director, nurses, social workers, spiritual coordinator, support staff and volunteers who work to provide a continuum of Palliative and Hospice Care services. Together, they address the physical, emotional, social, spiritual, caregiving, nutritional, safety and other needs of our patients.

Our focus is on care and comfort, rather than on cure, with the ultimate goal of providing quality of life as seen through the eyes of the patient in any setting—private home, hospital, group home, assisted living facility or nursing home.

About Our Hospice Volunteers

Hospice volunteers:

- Are caring and compassionate
- Come from diverse backgrounds
- Possess various life-experiences
