Private Care

Our help at home services offers you or your loved one an opportunity to continue to live safely and independently in your home, easing anxiety and offering peace of mind. Services include personal care, activities of daily living, companion care and light housekeeping. Many long-term care insurances cover the cost of certain private care services. For veterans, services may be covered under the Veterans Aid and Attendance Program.

Rev. 12.12.2017

Adult Day Health Care

**Harmony Adult Day Health Center
Mansfield Adult Day Health Center
Norwood Adult Day Health Center**

Services are covered by various programs, such as:

Bristol Elder Services
HESSCO Elder Services
Old Colony Elder Services
MassHealth
VA of MA (Norwood Adult Day Health Center only)
Department of Developmental Services
Some long term care insurance plans

Many clients and caregivers choose private pay arrangements to obtain this cost effective daytime program that provides professional medical care as well as caregiver respite.

Call us to determine what financial arrangements may apply for your benefits.

Alzheimer's Assistance Program

Offers free caregiver support, including information on disease progression, available community resources, advice on caregiving and behavior changes, plus caregiver respite, by professional staff with advanced training and experience.

Elder Dental Program

Connects low income adults age 60 and over, with local dentists willing to treat them following the Program's drastically reduced fees; free Dental Screening Clinics and statewide advocacy for improved access to affordable care.

Call 781.769.3710 to enroll.

Free Care

For patients needing home care, hospice and palliative care, or adult day health services, we continue our agency's proud tradition of providing care, regardless of a patient's ability to pay.
